

Proceedings of the History of Anaesthesia Society

Index to Volumes 30-35

A Cumulative Index to Volumes 1-30 will be found in Volume 31

accidental death or murder ? A queer affair (Payne)	34.25
Adams A	
Life of Georg Handel (with Hofestadt)[abstract]	35.30
It isn't our bicentenary yet	35.46
Which came first - human or animal medicine?	31.37
Adams CN	
A brief history of pre-operative feeding (with Shaffer)	34.39
Krohne & Sesemann: an early CEPOD (with Sidery)	30.82
analgesics & hypnotics in ancient Greece & Byzantium (Kalantzis et al)	32.27
archive of R. College of Anaesthetists (Fairer)	30.40
Bacon D	
Dogliotti, Lundy and regional anesthesia (with Martin)	30.60
Sherwood Dunn and <i>Regional Anesthesia</i>	30.26
The Anesthetists Travel Club	34.87
The early Mayo experience in pain medicine (with Martin)	34.84
Mayo, Lundy & <i>Clinical Anesthesia</i> – a text book	
whose time had come (with R Mackenzie & M Warner)	30.89
Barr AM	
Operations on irritable patients – Wardrop's 1818 contribn.	30.44
Barrell of Lunatics you <i>can</i> judge a book by its cover (Lai)	33.18
Bethune	
Norman Bethune- the stormy petrel (Payne)	31.62
bicentenary of R Soc. Medicine-but not of anaesthetic section(A Adams)	35.46
bloodletting for anaesthesia – Dr Wardrop's 1818 contribution (Barr)	30.44
Blizzard J	
The Queen Victoria Hospital museum	33.33
Bodman R	
The Suez crisis	30.49
The story of cyclopropane at Hillingdon Hospital	32.53
book reviews	
Notable Names in Anaesthesia	30.110
Careers in Anesthesiology vol vi	30.112
WTG Morton – Tormented Idol	30.115
R College Surgeons – 200 years history	30.111
R College Physicians - its Collections	30.111
History of R Society of Medicine	30.111
Proc. 5th World Congress History of Anaesthesia	31.70
Careers in Anesthesiology vol vii	31.73
Fibres – Life of W Sharpey	31.74
Chloroform – Quest for Oblivion	32.64
50 Jahre Deutsche Gesellschaft. f. Anasthesiologie	32.64
Life of J Snow; Cholera, Chloroform....	32.66
Anesthesia at Mass. Gen. Hospital	33.41
World Fed. Socs. of Anesthesiologists – 50 Years	34.102
For Fear of Pain – British Surgery 1790-1850	34.100
The Dressing Station – Surgeon's Odyssey	34.100
Servants of Medicine-the Wallers father & son	35.55
Boulton T	
Citation: Prof. Vermeulen-Cranch for Hon. Member	34.96
Relationship of R M Waters to British anaesthesia	30.63
Bradshaw E	
Marrett & his portable machine (with Mitchell)	35.31

British Council courses in anaesthesia (Sykes)	31.17
Byer D Anaesthetic administration by a juvenile - Mayo stories	32.51
caesarian section A short history of caesarian section (Crocker)	30.34
carbon dioxide History of carbon dioxide in anaesthesia (Jones)	32.57
carbon tetrachloride	
Carbon tetrachloride as an anaesthetic (A McKenzie)	33.7
Criminal use of carbon tetrachloride inhalation (Payne)	33.12
Carter A Dickens & chloroform – a tale of two cities	35.26
Careers in Anesthesiology vol.6 (book review)	30.112
vol 7 (book review)	31.73
catheter size French catheter size – our urological heritage (Poll)	32.11
CEPOD Krohne & Sesemann-early CEPOD (CN Adams & Sidery)	30.82
Cherry S Medical practice in 19th & 20th centuries [Guest Lecture]	30.95
chloroform murder or suicide? (Watson, Flanagan)	32.40
chloroform & ether-surgeon's impressions (Florence)	34.69
Dickens & chloroform (Carter)	35.26
<i>Clinical Anesthesia</i> -Mayo, Lundy & a the textbook (R MacKenzie et al)	30.89
Connor H Crawford W Long – still an enigma	34.61
Early history of anaesthesia in Hereford	32.7
Counsell D The origins of opium [abstract]	34.47
Crocker S A short history of caesarian section	30.34
critical incident First critical incident report (King, Hassani, White)	31.44
curare The early history of curare (Ferguson)	31.10
cyclopropane story at Hillingdon Hospital (Bodman)	32.53
Davy Humphry Davy's first printed book (Lai)	31.65
Dogliotti was his interest in regional anaesthesia sparked by Lundy?	
(Martin & Bacon)	30.60
Dronsfield A Halothane–the first designer anaesthetic(with Hill & Pring)	31.57
Drury P Matthew Turner (d.1789) - Liverpool Surgeon	35.15
Vernon Harcourt and his inhaler	30.29
Duncan Strange little book (Duncan & Simpson)[abst](Wilkinson)	30.78
East Grinstead Q Victoria Hospital museum (Blizzard)	33.33
Edward VII Hewitt's account of Edward VII's appendicectomy (Howat)	33.14
Enever G Seaworthy Sierra Sam (Prof. Pask) [abstract]	32.50
Empson An intimate view of Charles Empson & John Snow (Zuck)	33.35
Essex-Lopresti M Operating theatre design	31.49
execution Remarkable case of the execution of Anne Green (Zorab)	34.74
Fairer J History has just begun (Archives of R C Anaesthetists)	30.40
Ferguson A <i>Lancet</i> Case Report: Therapeutic value of oxygen	35.18
The early history of curare	31.10
Flanagan R Chloroform – murder or suicide? (with Watson)	32.40
Florence A Brief history of Liverpool Medical Institution	35.10
Surgeon's impression of anaesthesia – chloroform & ether	34.69
Gilbertson A History of intensive care: chapter two	35.34
Gurnett A Russell Davies Unit (East Grinstead)(with Van der Valk)	33.29
halothane the first designer anaesthetic(Dronsfield, Hill & Pring)	31.57
Aspects of pre-1950's anaesthesia before halothane (Pring)	31.53
Harper M Importance of looking at the original paper	34.16

Hassani A	1st anaesthetic critical incident report (with King & White)	31.44
	Short biography of Dr J Perreira (with King & White)	31.47
Hereford	Early history of anaesthesia in Hereford (Connor)	32.7
Hickman	Henry Hill Hickman 1800-1830 (Padfield)	35.53
Hill M	The first designer anaesthetic (with Dronsfield & Pring)	31.57
history	Fifty years ago (Sykes)	34.9
	Historical books on anaesthesia 1847-1900 (A McKenzie)	31.36
Hofestadt B	The life of Georg Handel (with A Adams)[abstract]	35.30
Hong Kong	Anaesthesia (& intensive care) in Hong Kong (Lett)	32.15
Hooper	Wm Hooper & early days of anaesthesia in Britain (Zuck)	34.48
Horton J	E Grinstead 1951-2 – tale of a junior anaesthetist	33.24
hospitals	East Grinstead:	
	tale of a junior anaesthetist (Horton)	33.24
	Russell Davies Unit (Gurnett, van der Valk)	33.29
	Norfolk & Norwich	
	House Surgeon (Sykes)	30.15
	anaesthesia service 1847-1956 [abst](Woollam)	30.20
Howat D	A musical description of lithotomy without anaesthesia	31.24
	Hewitt's account of Edward VII's appendicectomy	33.14
	Pirogov and the arrival of ether anaesthesia in Russia	30.21
	The founders of the first society (Anaesthesia & RSM)	35.40
Humphries A	Two mysteries – one solved – from the Thackray Museum	31.32
induction	Rapid sequence induction-history & evolution (O Warner)	32.32
intensive care	History of intensive care: chapter two (Gilbertson)	35.34
Jones M	History of carbon dioxide in anaesthesia	32.57
Junker	the man and the inhaler (Mulnier & Zuck)	30.79
Kalantzis G	Analgesics & hypnotics – in the ancient Greek & Byzantine eras (with Trompoukis, Tsiamis & Lascaratos)	32.27
King D	First anaesthetic critical incident (with Hassani, White)	31.44
Krohne	and Sesemann – an early CEPOD? (Sidery & CN Adams)	30.82
Lai D	Barrell of Lunatics – You <i>can</i> judge a book by its cover	33.18
	Humphry Davy's first printed book	31.65
	Pentothal advertising postcards – 1956-68	31.29
Lascaratos J	Analgesics & hypnotics – in the ancient Greek & Byzantine eras (with Kalantzis, Trompoukis & Tsiamis)	32.27
Lett Z	Anaesthesia (& intensive care) in Hong Kong	32.15
lithotomy	Lithotomy without anaesthesia (Howat)	31.24
Long	Crawford W Long – still an enigma (Connor)	34.61
Liverpool	Brief history of Liverpool Medical Institution (Florence)	35.10
Lundy	W J Mayo, J Lundy and <i>Clinical Anesthesia</i> ; a textbook whose time had come (MacKenzie Bacon & Warner)	30.89
	Did he spark Dogliotti's interest in regional anaesthesia? (Martin & Bacon)	30.60
MacKenzie R	W J Mayo, J Lundy and <i>Clinical Anesthesia</i> ; a textbook whose time had come (with Bacon & Warner M)	30.89
Marrett	Marrett & his portable machine (Bradshaw)	35.31
Martin	Dogliotti, Lundy and regional anesthesia (with Bacon)	30.60
	The early Mayo experience in pain medicine (with Bacon)	34.84

Mayo	W J Mayo, J Lundy and <i>Clinical Anaesthesia</i> ; a textbook whose time had come (MacKenzie Bacon & M Warner)	30.89
McKenzie A	Carbon tetrachloride as an anaesthetic	33.7
	Historical books and pamphlets on anaesthesia 1847-1900	31.36
medicine	human or animal-which came first? (A Adams)	31.37
Mitchell D	Rex Marrett and his machine (with Bradshaw)	35.31
Morecambe Bay	History of Morecambe Bay [Guest lecture] (Robinson)	34.95
Morton	Tarnished Idol-WTG Morton (book review)	30.115
Mulnier C	Junker (with Zuck)	30.79
Notable names in Anaesthesia (book review)		30.110
obituaries	Dr B Duncum	30.103
	Dr F F Cartwright	30.106
	Dr C S Ward	30.107
	Dr WDA Smith	31.67
	Dr H R Marrett	32.68
	Dr G E Hale-Enderby	33.43
operating theatres design (Essex-Lopresti)		31.49
opium	The origins of opium [abstract] (Counsell)	34.47
Owen	Sir Richard Owen [Guest lecture] (Potts)	34.28
oxygen	<i>Lancet</i> Case Report: Therapeutic value.. (Ferguson)	35.18
Padfield A	Henry Hill Hickman (1800-1830)	35.53
	The training wot I got (academically not a lot)	34.79
pain medicine	Early Mayo experience (Bacon & Martin)	34.84
Payne J	Accidental death or murder - a queer affair	34.25
	Norman Bethune – the stormy petrel	31.62
	The criminal use of carbon tetrachloride inhalation	33.12
	The introduction of normal saline into clinical practice	35.23
Pentothal	Pentothal advertising postcards – 1956-68 (Lai)	31.29
Pirogov	and the arrival of ether anaesthesia in Russia (Howat)	30.21
Pöll J	French catheter size – our urological heritage	32.11
Potts W	Sir Richard Owen [Guest lecture]	34.28
pre-operative feeding – brief history (C Adams & Shaffer)		34.39
Pring J	Aspects of pre-1950's anaesthesia before halothane	31.53
	Halothane-1st designer anaesthetic(with Dronsfield & Hill)	31.57
risk	Assessment of risk [abstract] (Sill)	30.93
Robinson C	The history of Morecambe Bay [Guest Lecture]	34.95
Royal College of Surgeons- 200 Years History (book review)		30.111
